Home

I want a basic home page with text and a big title box with a background picture

- Basic Overview
- School
- Name and Photo

Hobbies

A clickable tab from the home page that has lots of sports-related items. Four or six sections with distinct themes of hobbies. In each section, there is text about it.

- Talk about work
- Talk about school
- Talk about friends
- Talk about sports and entertainment

Discover

Another clickable tab from the homepage, featuring numerous paragraphs of writing and captions of photos related to the ideas and communities I'm involved in.

- Fun fact page
- About me with information
- Story of how I got here
- Cover Letter on how i am as a person

Resume

A basic Clickable pop-up with a smaller, scrollable section of my resume and its various sections.

- I want a scrollable page of my resume
- Can click on different topics to learn more

Career Interests

A spider web timeline of my career, coming from high school and my work experience, and where it goes in the future.

- Short paragraph about my interests in career
- Finance pathways
- What I have completed in school

Game

A basic Kahoot-style game where you click different multiple-choice answers about what you learn on my website about myself.
